## *“Spoke”n by our President:*

Hello and welcome from Sue's blustery mountain. I'm sitting at the computer and looking out at a very cold and nasty day. Rain and wind have dominated the last two days and I'm already waiting for spring. Just skip winter altogether.

We missed Linda Miller at our October meeting, she was having a reunion with her Stowe buddies. I can't wait to have her share the project they did this year. They are a truly talented group of friends.

Thanks to Judy and Linda Michusson for the goodies at the meeting. We had a very productive meeting and came to the decision that we would have one Saturday meeting a quarter - giving us the opportunity to work on a longer project as well as having outside teachers.

Jeanne reported that the Kohlers will be here in May, which will be one of our Saturday meetings. She is also arranging a time for Vinnie Hinson to come down. Vicky worked on projects for the next year and will be looking forward to everyone's input on how we can use our evening time.

November meeting will be the knotless netting class by Judy. I hope many of you will be able to attend. Terri and Linda Mitchusson have the schedules for Winterfair. Thanks to both of you for taking on the job of getting it together. Terry Wright had hand surgery - keep her in your thoughts.

Stay warm and dry and keep weaving. Sue

## **WINTERFAIR 2011**

*If you are planning to participate in Winterfair this year (November 25-27, 2011) please let Linda Mitchusson or Terri Brenner know so they can get you on the list. Linda's phone is 752-3191 and Terri's is 367-0091. Hours are Friday and Saturday 10-5, Sunday 11-4. Set up will be on Thursday (Thanksgiving Day)*

*Thanks to Margie Hayes for providing the booth for Winterfair again this year.*

## UPCOMING MEETING PROJECTS...

October 2011	Bring a project to work on and help discuss the meeting schedule changes as well as plan next year's projects!
<p data-bbox="90 333 298 363">November 2011</p> 	<p data-bbox="548 333 1019 363">Knotless netting by Judy Dominic</p> <p data-bbox="548 407 1175 877">Knotless netting, or looping, is basically a button-hole stitch worked on itself to create an open, lacy-looking surface. It can be filled in or left open. It can be used to fill an area or to create an object (like a pouch). Feathers, beads, etc. can be used as embellishments. Any size and type cord can be used as long as it is not slick - waxing will help it 'stick' while being worked. We should have time to make a small dream catcher as well as start a small pouch. And if you want to get a jump start on the projects, you can check out my article in the most recent issue of Shuttle Spindle &amp; Dyepot!</p> <p data-bbox="548 926 1175 989">If you plan on trying your hand at looping/knotless netting, please bring:</p> <p data-bbox="548 1037 1175 1283">waxed linen or a cord you can wax, some sort of round 'frame' up to 6" diameter (e.g., wooden hoop, length of round reed or vine), piece of stiff cardboard approx 3"x5", scissors, large-eyed curved needle or blunt tapestry needle, leather scraps or ribbons. I will have extras of all the above in case you forget!</p>
